WASHINGTON, D.C.

Bebo Trattoria While his popular Galileo restaurants undergo a yearlong renovation, chef Roberto Donna has moved to the Crystal City building formerly occupied by Jose Andres's Oyamel. Here he serves homey Italian dishes like risotto, fried mozzarella and meatballs plus popular dishes – paninis, house-made sausages, cannoli. A hasty makeover Oyamel's décor has left a cavernous dining room painted in deep oranges. **We loved:** pork-shoulder sandwich on ciabatta with green sauce and braised peppers.
